ICAR-Central Institute of Fisheries Education,
ICAR, Ministry of Agriculture and Farmers Welfare,
Govt. of India,
Mumbai, India

Dr. Ravishankar, C.N is presently working as Director and Vice Chancellor of ICAR-Central Institute of Fisheries Education, Ministry of Agriculture and Farmers Welfare, Govt. of India. Previous to this, he was the Director of ICAR-Central Institute of Fisheries Technology Cochin from 2014-21. He has a Bachelor's Degree in Fisheries Sciences; a Post-graduate in Industrial Fishery Technology and a Ph.D in Fish Processing Technology from University of Agricultural Sciences, Bangalore. He has successfully completed international certification courses like 'Managing Sustainable Projects and Programmes' from University of Bradford, United Kingdom and a Course on HACCP from the Royal Institute of Public Health and Hygiene, London, UK. He has over 35 years of experience in food science research, post-harvest fisheries technologies, food safety, technology commercialization and business incubation. He has handled many international and national research projects and participated in the First Indian Antarctic Expedition. He successfully established India's first Fisheries Business Incubation Centre and supported more than 65 entrepreneurs in setting up new business ventures. Dr. Ravishankar has published 200 research papers in peer reviewed journals, 78 book chapters, 54 technical articles, and authored/edited 11 books. He has also guided 8 PhD and 30 masters students. He is a Fellow of NAAS, AFSTI, SOFTI and KSTA, and has received many awards for his contribution in the field of Fisheries Harvest and Post-Harvest technologies. He has served in important committees in many Governmental organisations like ICAR, NABL, FSSAI, BIS, LDCL, DFRL, DBT, MoFPI, and MPEDA, including chair of the Food Hygiene Safety Management and Other Systems Sectional Committee, FAD 15 of BIS; member of the Scientific Committee, FSSAI; chair of the Scientific panel on Fish and Fish Products, FSSAI, Ministry of Health and Family Welfare; nodal authority for developing Approved Standard Deep Sea Fishing Vessel Design and Specification, Ministry of Ports, Shipping and Waterways; and member of the Committee for drafting the National Policy on Post-Harvest Processing and Marketing of Fish and Fishery Products, Ministry of Fisheries, Animal Husbandry & Dairying. He has also served as consultant to many international and national organisations.
